# New Beginnings Youth Ranch

**New Beginnings Youth Ranch is part of Cedar Creek Cattle Company** located in the Big South Fork region of Tennessee started by Mike Archambault and his Mom, Joan several years ago. The program has grown significantly and has served many. New Beginnings is changing the social landscape with their unique program for young people. Mike and Joan take a non-traditional approach to working with troubled teens and young

adults and by using the mustang horses in their program. The transformation is evident in the young adults that live at New Beginnings. Through the non-traditional environment, the youth are able to learn responsibility, trust and love through the help of the wild mustangs that they adopt and commit to taking care of. Horse and people are a lot alike. They both need love, food, shelter, basic necessities and boundaries defined so they know what the rules are. This is achieved by trust, patience and consistency as these youth have a chance to break the wild mustangs of their unacceptable behaviors and transform them over time with patience. Mike and Joan have ground rules at the ranch. To live there, one has to abide by these rules. They believe in the youth, instill morals and teach them about character, the value of hard work, love of the outdoors, family, and church - achieving amazing results. Many of today's troubled teens are for the most part, the result of non-traditional homes, unstable environments, neglect, abandonment, gaming (XBOX, video games, TV and internet) and hours of time alone without their parents. Most children today do not get to play outside or don't even know how to play in the great outdoors. New Beginnings allows the youth to help around the ranch with their adopted horse, ranch chores, and interaction with guests that are coming to Cedar Creek Cattle Company. New Beginnings has transformed many of the youth and many have gone on to help others.

Mike and Joan moved into the area many years ago to operate their Black Angus cattle breeding facility. The project was larger than they anticipated causing a need for more horses to help in the maintenance. Then Mike started giving riding lessons, breaking horses and taking folks out on trail rides. Today, Cedar Creek Cattle Company can take you out on a trail or rent you horses and trailer them to East Fork Stables or other trails in the Big South Fork area. This is a great place to go horseback riding while vacationing on Dale Hollow Lake. Mike and the New Beginnings ministry have continued to expand the trails which meander through thick forest, alongside streams, and highlight some of the beautiful vegetation of the countryside. If you have never ridden or are experienced and want to take a ride, give Mike a call. Share your dream with their team. He has created a cattle drive for someone before to make his dream come true. If you have more questions about the New Beginnings youth ministry or would like to make a donation, please contact Mike through their websites: [www.cedarcreekcattlecompany.com](http://www.cedarcreekcattlecompany.com) or [www.newbeginningsyouthranch.com](http://www.newbeginningsyouthranch.com).
